SUBJECT INDEX

Abbreviations 143
Accidents
  aviation 75
  motor vehicle 577
  traffic 555
Accommodation 615
Age-related performance 637, 681
Artificial intelligence 21
Authoring systems 61
Automated performance measurement 241
Automatic speech recognition 115
Automation
  aviation 75
  effect on workers 99
  factory 99
  flexible manufacturing system 47
  office 3, 99
  training and education 61
Biomechanics 175, 355, 589
Chair design for surgeons 589
Cockpit automation 75
Communication networks 3
Compatibility, S-C-R 695
Computer
  abbreviations 143
  interface 91, 445
  literacy 61
Computer-assisted instruction 61
Computer-managed instruction 61
Conspicuity 643
Contrast sensitivity 637
Control
  locus 47
  manual 267
  supervisory 47, 713
Curve fitting 251
Dark focus 615
Decision
  sequential 433
  support 47
Dedicatory address 367
Design
  dialogue 115
  keyboard 175
  menu indexes 157
  neutral posture chair 589
  recommendations, abbreviations 143
Diagnostic judgment 665
Display
  decision 433
  image completion time 477
  teleshopping 477
  videotext 477
  visual 695
Documentation, concurrent programs 423
Dual-task performance 409, 531, 549, 675, 695
Electronic
  filing 3
  mail 3
Error, human 75
Expert systems 21
Fatigue 459
Feedback
  augmented 371
  touch position accuracy 445
  traffic safety 555
Fitts, P. M., tribute 367
Flexible manufacturing system 47, 713
Functions
  allocation 33
  human 33
  machine 33
  system 33
Glare 163
Handrail height 355
Hemispheric laterality 695
Highway
  sign discriminability 637
  safety 327, 555
Human
  error 75
  functions 33
  performance 409
  supervisory control 47
Illusion, moon 615

Image interpreter performance
  bandwidth compression 345
  image quality 345
Individual differences
  aviator performance 681
  motor vehicle accidents 577
Information processing
  aging 681
  computer-based tests 681
  individual differences 577, 681
  motor vehicle accidents 577
Inspection, performance and posture 189
Intelligence, artificial 21
Interactive computer system 335
Job
  design 47
  experience 301
Judgment, diagnostic 665
Keyboard design, alphanumeric 175
Learning
  automation 61
  high-performance skills 285
  marksmanship skills 313
  measurement 251
  part-task 267
  system dynamics 371
  transfer 251, 409
  troubleshooting 503
Load
  foveal 221
  task 489
  time 433
Machines 33
Maintenance proficiency 301
Manikin test 209
Manufacturing, discrete parts 47
Measurement
  automated 241
  learning and transfer 251
  performance 241
  real-time 241
  spatial ability 209
  validity 241
Retrieval
  HELP information 335
  systems 157
Menu
  breadth 713
  depth 713
  hierarchy 713
  indexes 157
  retrieval systems 157
  search time 157
  structures 157
Natural language 21
Office automation 3, 99
Optional stopping 433
Part-task training 267
Pedestrian visibility 327
Performance
  age related 637, 681
  assessment 681
  decrement 531, 549
  dual-task 409, 531, 549, 675
  image interpreter 345
  measurement, automated 241
  pilot 681
  posture 189
  supervisory task 713
Performance operating characteristic 531, 549
Petri nets 423
Pictorial symbols 229
Politics, aviation automation 75
Posture
  chair for surgeons 589
  performance 189
Preprocessing of evidence 665
Proficiency assessment 313
Programming
  concurrent 423
  practices 423
Reliability of walk-through 601
Repeated measurements 209
Rest
  break scheduling 459
  effect on truck driving 201
Robotics 21, 91
Safety
  aviation 75

handrail height 355
highway 327
politics 75
traffic 555
S-C-R compatibility 695
Search time 157
Signs, highway 229
Simulation
education and training 61
flight task 489
performance measurement 241
real-time 47
truck-driving 201
Skill
high performance 285
tracking 267
training 285
Software
documentation 423
engineering 423
Spatial ability measurement 209
Spatial frequency 637
Speech
comprehension 115
digitized 115
generation 115, 409
intelligibility 115
perception 395, 701
pitch contour 701
rate 701
recognition 115
synthesis 115
synthetic 395, 701
technology 409
Stairway
handrail height 355
pitch 355
Statistics, repeated measurements 209
Stress 433
Supervisory control 47, 713
Symbols 229
System
authoring 61
computer, interactive 335
dynamics 371
expert 21
flexible manufacturing 47
human-machine 33
menu retrieval 157
second-order 371
speech generation 115, 409
speech recognition 115
voice interactive 115
Task
segregation, lateral 695
walk-through 601
Teleconferencing 3
Teleshopping 477
Teletext viewers' responses 653
Television viewing distances 467
Touch panel 445
Tracking
second-order system 371
skill 267
Traffic guidance 229
Training
embedded 61
high-performance skills 285
internal model 371
part-task 267
perception of synthetic speech 395
performance measurement 241
rifle marksmanship 313
touch panel use 445
troubleshooting 503
Transfer
asymmetric 409
learning 251
tracking skill 267
Tribute, Paul M. Fitts 367
Troubleshooting, research review 503
Type A behavior pattern 675
VDT glare 163
Visibility, pedestrian 327
Vision
apparent size 615
driver 327
retinal size 615
tunnel 221

Visual
  accommodation 615
  acuity 637
  lobe 643
  search 643
Voice
  interactive systems 115
  mail 3
  technology 115, 409
Workload
  estimation 489
  pilot 489
  subjective 675
Workers, effect of automation 99

AUTHOR INDEX

Anderson, D. R. 467
Avolio, B. J. 577
Ayoub, M. M. 589
Bartlett, S. A. 355
Bechtold, S. E. 459
Beringer, D. B. 445
Bhatnager, V. 189
